

2nd Call for the ROSEDA Conference

Research On STEM Education in the Digital Age

Dear colleagues,

The “Research On STEM Education in the Digital Age” (ROSEDA) Conference will take place from **February 23 to 25** in **Porto, Portugal**. It is hosted by the School of Engineering, Polytechnic of Porto.

We friendly invite all members of the educational and scientific STEM community which are interested in (1) online education, (2) teaching and learning with digital tools, or (3) education before, after and beyond Covid-19 pandemic.

The ROSEDA Conference covers three main topics concerning teaching and learning science, technology, engineering, and/or mathematics:

- ideas and experiences for the design, conduct, and assessment of online courses (topic 1),
- innovative approaches of using digital technology in education (topic 2),
- research on teaching and learning during the Covid-19 pandemic (topic 3).

All papers and posters accepted by the Scientific Committee will be published in the open-access conference proceedings. Deadline new for submission is **December 15, 2022**. Registration can be done until January 15th, 2023 (Early Bird), or February 15th, 2023.

Please find more information on the [ROSEDA Conference Website](#).

If you have any questions, please do not hesitate to contact us: roseda@asymptote-project.eu.
